Writings on American History, 1922, **The Mediatization of the Artist** Rachel Esner, Sandra Kisters, 2018-01-31 This book offers trans historical and trans national perspectives on the image of the artist as a public figure in the popular discourse and imagination Since the rise of notions of artistic autonomy and the simultaneous demise of old systems of patronage from the late eighteenth century onwards artists have increasingly found themselves confronted with the necessity of developing a public persona In the same period new audiences for art discovered their fascination for the life and work of the artist The rise of new media such as the illustrated press photography and film meant that the needs of both parties could easily be satisfied in both words and images Thanks to these new media the artist was transformed from a simple producer of works of art into a public figure The aim of this volume is to reflect on this transformative process and to study the specific role of the media themselves Which visual media were deployed to what effect and with what kind of audiences in mind How did the artist critic photographer and filmmaker interact in the creation of these representations of the artist's image Den Gulden winckel : maandschrift voor de boekenvrienden in Groot-Nederland, 1922 The Burlington Magazine for Connoisseurs, 1913 **The Development of Modern Medicine** Richard Harrison Shryock, 2017-04-10 The relation of the progress of medical science to the social history of humanity Starting with the seventeenth century the author analyzes the defeats as well as the triumphs that medicine has gone through to reach its present usefulness *The Connoisseur*, 1903 The Burlington Magazine Robert Edward Dell, Charles John Holmes, Harold Child, Lionel Cust, Roger Fry, 1913 **The Bookseller and the Stationery Trades' Journal**, 1892 Official organ of the book trade of the United Kingdom **Studies in Art, Architecture, and Design: Victorian and after** Nikolaus Pevsner, 1908 *Bookseller and the Stationery Trades' Journal*, 1891 **The History of Modern Painting** Richard Muther, 1907 Modernism Today Sjef Houppermans, Pete Liebrechts, Jan Baetens, Otto Boele, 2013-10-25 This book manifests at least four recent shifts and tendencies within Modernist studies in general that point at the expansion of this increasingly interdisciplinary field First Modernist studies has seen a temporal expansion to the extent that scholars in the field have come to turn to both the pre and posterior history of Modernism Second the field has witnessed a spatial expansion in that increasingly so researchers have also come to scrutinize the Modernisms of regions at the fringes of Europe and beyond Thirdly a vertical expansion too has marked Modernist studies in recent decades not only by further expanding the canon of women writers and exploring the continuum between high and lowbrow but also by looking at the artistic and mediatized hierarchies and cross fertilizations operative in the period A fourth conceptual expansion of the field shows that whereas concepts such as middlebrow *arri re garde* and to some extent even *avant garde* were once exotic notions of at best marginal importance in European Modernist studies they now form part and parcel of the field complicating and expanding it conceptually **Bibliotheekleven**, 1928 **Vincent Van Gogh** Vincent van Gogh, Colta Feller Ives, 2005 Presents a

collection of the drawings of Vincent Van Gogh providing images of his works in charcoal chalk ink graphite and watercolor and including essays the place each drawing in its historical context explaining its significance Burlington Magazine for Connoisseurs ,1913 **Publisher and Bookseller** ,1892 Vols for 1871 76 1913 14 include an extra number The Christmas bookseller separately paged and not included in the consecutive numbering of the regular series Piet Mondrian Tim Threlfall,1988 Litterarische Echo ,1919 **Figures at a Table** John and Mable Ringling Museum of Art,Creighton Gilbert,1960
