Emancipation Still Comin Explorations In Caribbean Emancipatory Theology:

Emancipation Still Comin' Kortright Davis, 2008-04-01 The Caribbean awash with sun and water is a meeting place of many races religions and cultures There North and South Latin and Anglo native Carib African black French and English white races and cultures meet In a religious melting pot Protestant and Catholic Christian Afro Caribbean Hindu and secularist faiths intertwine cross pollinate and go their ways separate yet together in the divine milieu Such a place has a rich and revealing story to tell of history nature and humanity of the understanding of freedom of the meaning and scope of theology itself The key in Caribbean society with its experiences of slavery colonialism neocolonialism and structural dependence is emancipation the pursuit proclamation and practice of human freedom Emancipation is the key to Caribbean theology as well This is the focal point of Kortright Davis s work He introduces the complex tapestry of this unique society its social and cultural pluralism its particular strengths and weaknesses poverty dependence alienation and divisiveness Davis explores many aspects of Caribbean religion and spirituality especially the complexities of carnival and its uniquely African soul He notes too a theological dependency and posits again a unique Caribbean emancipatory theology to establish a theological self reliance In emancipatory theology as in Latin American liberation theology the source for praxis and reflection is faith linked to historical experience And the Caribbean experience of continual struggle for identity distinguishes and yet unites Caribbean Christians with Christians everywhere **Emancipation Still Comin'** Kortright Davis, 1990

Liberation Theologies Ronald G. Musto, 2020-11-25 First Published in 1991 The following is a comprehensive scholarly bibliography of published materials on the varieties of liberation theology mostly in book form available in English It is intended as an introductory survey to this vast and quickly expanding field for the teacher and student of contemporary theology of biblical hermeneutics and to the interrelationship of politics and religion around the world It will also serve as a comprehensive bibliography **Freedom in Resistance and Creative Transformation** Michael St. A. Miller, 2013-04-11

In *Freedom in Resistance and Creative Transformation* Michael Miller addresses the concept of freedom that is central to the grammar of Christian faith and important in a wide range of religious and nonreligious settings across the globe He confronts the fact that despite the claimed importance of freedom there continues to be interpersonal socio political and religious power hierarchies that keep some people dominant and others subjugated The book suggests that often these hierarchies are informed by Christian teachings that deny freedom to human beings on the basis of their humanity per se Having classified humanity as fallen we are instructed that freedom is experienced by disparaging our humanity as we actually experience it seeing ourselves as our own worst enemies and accepting bondage to God the bondage reflected in the character of relations with those seen as God s special representatives in the world Miller presents a case against this understanding of the human situation and in the process he critically engages the Old and New Testaments along with ideas of significant representatives of Christian orthodoxy As an alternative he promotes freedom that is finite realistically libertarian and relational as most

compatible with the character of human beings that are partially self creating and self determining Contributing to this position is the view that an infinitely temporal God by character and desire participates in human life in a way that ensures the requisite space for authentic decision making from which emerges genuinely novel possibilities for human life This dynamic has implications for the continued development of the human species and the quality of life in the cosmos as a whole

Theologising Brexit Anthony G. Reddie,2019-06-03 This book offers a comprehensive analysis of the theological challenge presented by the new post Brexit epoch The referendum vote for Britain to leave the European Union has led to a seismic shift in the ways in which parts of the British population view and judge their compatriots The subsequent rise in the reported number of racially motivated incidents and the climate of vilification and negativity directed at anyone not viewed as authentically British should be a matter of concern for all people The book is comprised of a series of essays that address varying aspects of what it means to be British and the ways in which churches in Britain and the Christian faith could and should respond to a rising tide of White English nationalism It is a provocative challenge to the all too often tolerated xenophobia as well as the paucity of response from many church leaders in the UK This critique is offered via the means of a prophetic postcolonial model of Black theology that challenges the incipient sense of White entitlement and parochial nativism that pervaded much of the referendum debate The essays in this book challenge the church and wider society to ensure justice and equity for all not just a privileged sense of entitlement for some It will be of keen interest to any scholar of Black political and liberation theology as well as those involved in cultural studies from a postcolonial perspective **T&T**

Clark Handbook of Theology and the Arts Stephen M. Garrett,Imogen Adkins,2025-04-24 This volume presents the theology arts conversation from a distinctly Christian perspective as a witness of the Gospel of Christ to the world A widespread interest in the historical socio cultural and political embeddedness of theology and the arts permeates it This theme of embeddedness tracks through several overarching and interlocking concerns the relationship between form and content in both art and theology the intensification of the metaphysical and the theological contra materialist and positivist reductionisms the expansion of the epistemological possibilities of the theology art conversation and a robust understanding of the world as the theatre of God s glory Several chapters have been co written by theologians and artists as part of demonstrating the kind of conversation that this book commends A thorough going commitment to Scripture is also woven into the many different habits of thought represented in this volume Part I surveys different approaches to the theology arts conversation Part II focuses on how particular art forms bring theological issues to the surface and how theological and denominational traditions shape the making and receiving of the arts Part III delves into key topics in the current theology arts scene and asks how artistic and theological performance can both speak to theological and artistic knowing and help to celebrate and interrogate embodied lived reality **Theology** María Pilar Aquino,Roberto S.
