Ets On Earth Volume Two Explorer Race Series 21:

ET Visitors Speak, Volume Two Robert Shapiro, 2009-09-15 For those of you who have always wanted to meet somebody completely different here is your opportunity This book contains the continuing adventures of visitors to planet Earth In a strange sense you might include yourself as one of these as humans do not really claim the title of full time permanent Earth citizens So when you re reading this book think about it as if you were visiting from another planet What would you say in reaction to the local population their habits and so on Put yourself in the picture so this isn t just a meaningless travel log from various beings you don t know and may never meet Make it personal this time because the time is coming maybe even in some of your lifetimes when you might just meet one of those extraterrestrials on another planet So you might as well practice now and get your lines down right

Steps on the Path of Transformation, Volume 2 Robert Shapiro, 2023-08-16 As you read this material this is what to keep in mind Your path might be completely different from what this book is attempting to show you So when you read this material or listen to it don t think I can t possibly do that Rather think about what is familiar to you You will experience times when you have read a page or two and something feels as if it resonates within you It might not be a sequence of words that you find in a paragraph It could be words that come together from different paragraphs creating in you a sense of familiarity This tells you that these books are not just about thoughts or ideas The books are about transformation Even if you have difficulty reading the books in the language they are in go through them and put your hands on some of the pages or touch the pages to your arms or other parts of your body to see whether the books with all the words letters symbols and numbers can in some way trigger a dream a vision or a moment of inspiration in you that helps to bring about a better life for you and those around you Good luck and goodlife in this pursuit Chapters Include A Doorway Opened to a Benevolent Future Timeline How to Know When You Are Waking Up It Is Time to Shift into Your Natural State of Being Work with Magnetic Energy to Find Peace Every Human Can Now Manifest Easily You Came to Earth to Learn How to Feel Physical The End of the Loop of Time There Are People on Jupiter Time Is Fluctuating as You Awaken to Your Natural State of Being Waking Up Brings New Experiences and Physical Body Changes What Earth Needs as Humanity Wakes Up Discomfort Is Passing from Earth Who We Are Becoming Profound Truth Can Be Simple Ignoring the Suffering of One Being Hurts All Beings Request a Benevolent Vision of Your Future Live a Benevolent and Responsible Life in These Chaotic Times How to Know the Difference between Being Highly Perceptive and Being Sensitive Learn to Communicate on a Feeling Level

Steps on the Path of Transformation, Volume 1 Robert Shapiro, 2017-02-01 **Shamanic Secrets: Lost Wisdom Regained** Robert Shapiro, 2016-11-01 Due to wars natural disasters a shaman not being able to train a successor and many other reasons Isis through Robert says that 95 percent of the accumulated shamanic wisdom has been lost Now it is important to regain this wisdom as young people who are able to learn and use these processes are being born now Beings who lived as shamans and healers on Earth at various times now speak through Robert Shapiro and bring these

lost teachings and techniques to a humanity waking up and discovering it has the talents and abilities to use this wisdom for the benefit of all This is a time on Earth when people are being rent asunder by dramas in their lives and are overwhelmed by dramas in the lives of others or are sometimes attached to the dramatic events of the day In times gone by there were people who provided knowledge wisdom and comfort to ease life for their people This book is entirely about finding comfort and ease through life You don t have to struggle You don t have to find substitutes for things you don t have You don t have to get along without things you need You need food comfortable shelter good health and time to enjoy life This book does not provide all the answers to all your questions Rather it is the beginning of much more to come Some of you are interested in how others lived their lives in the past but most of you especially those who need something want something or are desperately trying to acquire something are interested in how people from the past acquired those things Some of the suggestions will seem fantastic or impossible to you Don t assume that Some of you will find you can produce in some way a portion of what those shamans from the past were able to do This might be easier for those of you already on your spiritual path Even if you are not on any particular spiritual path don t assume you cannot do these things Speaks of Many Truths

Origins and the Next Fifty Years Robert Shapiro, 1998-03-01 This volume focuses on humanity s origins and the near future It covers the origins of this creation why negative attributes were needed and how various races came to be It also delves into the physical bodies the masculine the feminine and the body of the child **Plant Souls Speak** Robert Shapiro, 2011-08-01 Plant Energies Available to You Live Plant 100% Dead Plant 10% What we intend to speak about in this book if I may speak in general for all plants is how you as the human species can interact with plants in a more benevolent way For a long time you have been clear about the medicinal uses of leaves and stems and seeds and flower petals and so on but you are only getting about one tenth of the energy available to you in this way It is always better to interact with the plant and its energies in its live form but you need to know how The intention of this book is to reveal that formula so that you can stop searching for magical cures to diseases by exhausting the supply of life forms around you A much simpler process is available This book will not just comment on things you know about but show you what you are missing in your interaction with plants Dandelion In this book the plant world will speak through elders This has certain advantages allowing them to include knowledge and wisdom about their home planets In this way you will learn some of the old wisdom again shared so that you can discover how to interact with the plants while they are alive while they are a portion of the Creator of All Things With this you will learn the beginnings the reminders and for many of you the fulfillment of the transformation of that which does not work in your body in your life in your community and in your world the transformation of what you call dis ease or disharmony into harmony and ease Zoosh Isis and Grandfather Each plant brings a wondrous gift to share with humanity enjoy it Particle Personalities Robert Shapiro, 1998-03-01 All around you in every moment you are surrounded by the most magical and mystical beings They are too small of course for you to see as single individuals But in groups you

know them as the physical matter in your daily life They form all of your physical life as you know it Particles who might be considered either atoms or portions of atoms consciously view the vast spectrum of reality yet also have a sense of personal memory like your own linear memory These particles remember where they have been and what they have done in their infinitely long lives Particles then have a unique and unusual perspective In reading this book understand that some of them will have similar points of view but others will have quite extraordinary and unexpected points of view Expect the unexpected
