*Criminological Skills and Research for Beginners* Laura Caulfield, Jane Hill, 2025-02-28 *Criminological Skills and Research for Beginners* Third Edition is a comprehensive and engaging guide to research methods in Criminology and the skills required for academic success. Written primarily for undergraduate students and novice researchers, this book has been designed as a lively and accessible guide to planning, conducting, and reporting research in the subject. It emphasises practical skills required in studying Criminology, the importance of criminological research, and places related methodology firmly in the context of students' broader study of the discipline before moving on to provide a detailed guide to the actual processes of research that students can return to at each stage of their study all the way through to their dissertation. This book presents an examination of the theoretical, political, and ethical debates in criminological research, a complete guide to planning criminological research, assisting student researchers in identifying their research questions, choosing their research methods, and critiquing the available literature, guidance on the practicalities and processes of collecting data, contemporary examples and case studies, a discussion of the process of analysing data and writing up research. New to the third edition is a brand new chapter on using online and social media data sources. This edition also includes new coverage of mixed methods approaches, preparing a research proposal, a spotlight on researcher well-being, and guidance on writing reflective essays. Including an extensive glossary and online support material with extra examples, exercises, and videos to further develop students' understanding, this book is essential reading for any undergraduate on a Criminological Research Methods or Research Skills course, or for anyone in need of practical guidance on any or all of the various stages involved in conducting thorough and effective criminological research.
