Complex problems can only be overcome with complex solutions. This dictum by Albert Einstein also applies to current world problems such as climate change, species extinction, the littering of our planet, and the growing gap between rich and poor. They overwhelm individual scientific disciplines. Therefore, they can only be solved through transdisciplinarity, i.e., beyond the individual disciplines in interaction with empirical knowledge of different provenance and philosophical reflection. This first

volume of the book series Transdisciplinary Management of Social and Ecological Crises explains how transdisciplinarity is to be understood in general what approaches exist and how they contribute to solving the various world problems In this context the book addresses among other things the replacement of man's claim to dominion over nature the overcoming of culturally determined boundaries in human communities and integrative and agile management methods in business politics art and society It deals with a sustainable circular economy new forms of politics in the interest of all instead of a few learning from artists healthy and environmentally sound nutrition and spiritual mindfulness in dealing with oneself and other ways of life Thus the book is aimed at a broad audience from different disciplines interested in the perspective of and interaction with other disciplines to solve global problems Chapter Methodology of Transdisciplinarity Levels of Reality Logic of the Included Middle and Complexity is available open access under a Creative Commons Attribution 4.0 International License via [link.springer.com](https://link.springer.com) *Mindfulness Meditation for Beginners* Grace Stevens, 2015-08-09 If you have ever been curious about mindfulness meditation then this book is for you Learn how mindfulness meditation for beginners can transform your life in 10 MINUTES A DAY Moving past the hype and getting straight into the best and easy strategies to practice mindfulness meditation this is the perfect quick start guide for beginners Even people who are experienced with mindfulness meditation will find something fun and new in this beginner's guide The science is in mindfulness meditation IMPROVES your brain and your experience of life And this no nonsense guide makes it easy and fun Learn the easiest strategies to achieve the following benefits of mindfulness meditation reduced stress reduced anxiety and depression improved sleep improved overall sense of well being reduced blood pressure improved immune system functioning All of this and more can be achieved with just 10 minutes a day of mindfulness meditation This no nonsense quick start guide will show you the best strategies to get started No yoga mat or sitting in weird positions required FOR A LIMITED TIME This book comes with a FREE set of relaxation audios so that you can start practicing mindfulness meditation right away
