teachers in critiquing and transforming pedagogy and curriculum in predominantly white spaces in order to interrupt the single story and amplify voices that are marginalized silenced or omitted from curriculum      *Digital and Media Literacy* Renee Hobbs, 2011-07-12 Leading authority on media literacy education shows secondary teachers how to incorporate media literacy into the curriculum teach 21st century skills and select meaningful texts      *Media Literacy in Action* Renee Hobbs, 2024-10-14 There s never been a more important time for students to develop media literacy competencies When students ask critical questions about the media they consume they develop fundamental knowledge and critical thinking skills that prepare them for life work and meaningful citizenship *Media Literacy in Action* addresses learners who are simultaneously active as both creators and consumers of media messages At the same time the book recognizes that everyone is vulnerable to media influence because of our dependence on the instant gratification and feelings of connectedness that digital platforms provide To thrive in a media saturated society people need to ask critical questions about what we watch see listen to read and use This book gives students those tools Key features of the second edition Critical examination of AI technologies algorithmic personalization data privacy and surveillance and the increased global regulation of digital platforms Attention to media literacy for empowerment and protection Inquiry oriented approach to learning that cultivates intellectual curiosity and creative expression Full color presentation with figures and photos to increase student engagement Each chapter includes *Media Literacy Trailblazers* Profiles of key thinkers and their theories connect students with the discipline of media literacy *Media Literacy DISCourse NEW* Visual representations of media literacy theoretical principles help learners internalize the practice of asking critical questions as they respond to specific media examples *Learning in Action NEW* Summary and vocabulary sections combine with Analyze Create Reflect and Act activities to empower students to apply ideas from each chapter Supplemental Materials available at [www.mlaction.com](http://www.mlaction.com) Students can review key ideas learn about more *Media Literacy Trailblazers* and watch videos aligned with each chapter Instructors can access a Teacher s Guide of best practices in class activities homework and projects Also available are chapter summaries lecture slides YouTube playlists and test materials      *Digital inclusion in Wales* Great Britain: Parliament: House of Commons: Welsh Affairs Committee, 2009-08-04 The Wales Office and the Welsh Assembly Government must ensure UK digital inclusion initiatives meet Welsh needs and build on existing good work to deliver on Welsh digital ambitions says the Welsh Affairs Committee in a report published today This report *Digital Inclusion in Wales* examines the use of digital technologies in Wales highlights the urgent need for the eradication of broadband notspots areas with limited or no access to high speed internet connections and says this issue must continue to receive priority attention There should be more support to help a wider range of people use technology effectively Employers told the Committee they need staff with better IT skills and more training opportunities The Committee recommends the Welsh Assembly Government explicitly includes this issue in its digital inclusion strategy The digital inclusion agenda is a complex mix of reserved and devolved

matters This brings a risk that key issues can be overlooked for example no account has been taken of Welsh language speakers needs in the Government s Digital Inclusion Action Plan The Secretary of State for Wales must ensure that bodies in Wales across all sectors are fully engaged with initiatives and that the next stage of Digital Britain adequately reflects Welsh needs Higher education institutions also have a vital role to play and should be involved in any new research opportunities The Welsh Assembly already has successful digital inclusion projects in Wales and it should find a way to become fully involved with the UK digital inclusion and Digital Britain work so it does not miss out on policy developments and funding opportunities The Committee also recommends the creation of a one stop shop providing advice on the risks for young people using technology and commends the Assembly s work tackling internet related crimes which it says should be promoted as part of the economic development strategy in Wales
