Rhythms of Recovery Leslie E. Korn, 2023-06-12 Rhythm is one of the most important components of our survival and well being It governs our moods sleep respiration and digestion and is profoundly tied to our relationships with friends and family But what happens when these rhythms are disrupted by traumatic events How can balance be restored in ways that integrate the complex needs of mind body and spirit What insights do eastern natural and modern western healing traditions have to offer and how can practitioners put these lessons to use Clients walk

through the door with chronic physical and mental health problems as a result of complex traumatic events how can clinicians make a quick and skillful connection with their clients needs and offer integrative mind body methods they can rely upon Rhythms of Recovery answers these questions and provides clinicians with effective time tested tools for alleviating the destabilizing effects of traumatic events In the new edition readers will find practical methods illuminated by clinical vignettes for integrating psychotherapies with somatics and bodywork yoga nutrition herbs psychedelic medicines and more The new edition also draws out the ways in which culture social justice and feminism intersect with the integrative medicine revolution in mental health For mental health practitioners and students interested in integrating the art and science of complementary and integrative health this deeply appealing book provides a comprehensive guide Trauma Therapy Robert Durante,2020-12-10 Book DescriptionDo you want to change you life Do you want to overcome past traumas In general trauma is considered a physical and psychiatric condition The profession of modern medicine and psychology deeply underestimates their deep interaction with pain treatment thus offering lip service to a connection between mind and body The welded unity of body and mind which has formed the philosophical and practical foundations of most of the traditional healing systems in the world unfortunately does not provide our modern understanding and treatment Oriental and shamanic healers have for thousands of years understood not only that the mind affects the body like in psychosomatic medicine but also that every organ system of the body has a psychic appearance in the body Many stress treatments discuss the psyche through interaction and the chemicals of the mind with medicine Both methods can be useful However trauma is not healed and will never be treated in full unless we think of the essential role of the body We must consider the impact of trauma and its key role in the repair of its effects on the body Our attempts to heal injuries without this basis are insufficient and arbitrary This book however encompasses all the aspects of developmental trauma healing The areas covered are as under Trauma an introduction Healing Developmental Trauma Road to recovery Self awareness Building support system and growth of mind and bodyIn order to explore further a thorough read of this book is a must So do not wait and get your copy now *Trauma Therapy* Robert Durante,2020-12-11 Do you want to change you life Do you want to overcome past traumas In general trauma is considered a physical and psychiatric condition The profession of modern medicine and psychology deeply underestimates their deep interaction with pain treatment thus offering lip service to a connection between mind and body The welded unity of body and mind which has formed the philosophical and practical foundations of most of the traditional healing systems in the world unfortunately does not provide our modern understanding and treatment that every organ system of the body has a psychic appearance in the body Many stress treatments discuss the psyche through interaction and the chemicals of the mind with medicine Both methods can be useful However trauma is not healed and will never be treated in full unless we think of the essential role of the body We must consider the impact of trauma and its key role in the repair of its effects on the body Our attempts to heal injuries without this basis are insufficient and arbitrary This

book however encompasses all the aspects of developmental trauma healing The areas covered are as under Trauma an introduction Healing Developmental Trauma Road to recovery Self awareness Building support system and growth of mind and body In order to explore further a thorough read of this book is a must So do not wait and get your copy now
