Foreign Policy Analysis New Approaches

Chris Alden, Amnon Aran

Foreign Policy Analysis New Approaches:

Foreign Policy Analysis Chris Alden, Amnon Aran, 2013-03 This exciting new book aims to re invigorate the conversation between foreign policy analysis and international relations It opens up the discussion situating existing debates in foreign policy in relation to contemporary concerns in international relations and provide a concise and accessible account of key areas in foreign policy analysis that are often ignored Focusing on how the process of foreign policy decision making affects the conduct of states in the international system and analysing the relationship between policy agency and actors the work examines foreign policy and bureaucracies domestic sources of foreign policy foreign policy and the state foreign policy and globalization foreign policy and change This work builds on and expands the theoretical canvas of foreign policy analysis shaping its ongoing dialogue with international relations and offering an important introduction to the field It is essential reading for all students of foreign policy and international relations

Routledge Handbook of Foreign Policy Analysis Methods Patrick A Mello, Falk Ostermann, 2022-12-26 The disintegration and questioning of global governance structures and a re orientation toward national politics combined with the spread of technological innovations such as big data social media and phenomena like fake news populism or questions of global health policies make it necessary for the introduction of new methods of inquiry and the adaptation of established methods in Foreign Policy Analysis FPA This accessible handbook offers concise chapters from expert international contributors covering a diverse range of new and established FPA methods Embracing methodological pluralism and a belief in the value of an open discussion about methods assumptions and diverging positions it provides new state of the art research approaches as well as introductions to a range of established methods Each chapter follows the same approach introducing the method and its development discussing strengths requirements limitations and potential pitfalls while illustrating the method s application using examples from empirical research Embracing methodological pluralism and problem oriented research that engages with real world questions the authors examine quantitative and qualitative traditions rationalist and interpretivist perspectives as well as different substantive backgrounds The book will be of interest to a wide range of scholars and students in global politics foreign policy and methods related classes across the social sciences Chapters 4 25 and 32 of this book are available for free in PDF format as Open Access from the individual product page at www.routledge.com It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

The Oxford Handbook of Foreign Policy Analysis Juliet Kaarbo, Cameron Theis, 2024-01-17 The Oxford Handbook of Foreign Policy Analysis repositions the subfield of Foreign Policy Analysis FPA to a central analytic location within the study of International Relations IR Over the last twenty years IR has seen a cross theoretical turn toward incorporating domestic politics decision making agency practices and subjectivity the staples of the FPA subfield This turn however is underdeveloped theoretically empirically and methodologically To reconnect FPA and IR research this handbook links FPA to other theoretical traditions in IR takes FPA to a wider range of state and non

state actors and connects FPA to significant policy challenges and debates By advancing FPA along these trajectories the handbook directly addresses enduring criticisms of FPA including that it is isolated within IR it is state centric its policy relevance is not always clear and its theoretical foundations and methodological techniques are stale The Oxford Handbook of Foreign Policy Analysis provides an inclusive and forward looking assessment of this subfield Edited and written by a team of word class scholars and with a preface by Margaret Hermann and Stephen Walker the handbook sets the agenda for future research in FPA and in IR The Oxford Handbooks of International Relations is a twelve volume set of reference books offering authoritative and innovative engagements with the principal sub fields of International Relations The series as a whole is under the General Editorship of Christian Reus Smit of the University of Queensland and Duncan Snidal of the University of Oxford with each volume edited by specialists in the field The series both surveys the broad terrain of International Relations scholarship and reshapes it pushing each sub field in challenging new directions Following the example of Reus Smit and Snidal s original Oxford Handbook of International Relations each volume is organized around a strong central thematic by scholars drawn from different perspectives reading its sub field in an entirely new way and pushing scholarship in challenging new directions

Decision-Making in American Foreign Policy Nikolas K.

Gvosdev, Jessica D. Blankshain, David A. Cooper, 2019-01-24 This book translates US foreign policymaking theory into practical analytic tools for those preparing to be national security professionals *Theories and Approaches to International Politics* Patrick M. Morgan, 1987

Illusions of Control Erica L. Gaston, 2024-08-06

Over the last two decades the United States has supported a range of militias rebels and other armed groups in Afghanistan Iraq and Syria Critics have argued that such partnerships have many perils from enabling human rights abuses to seeding future threats Policy makers however have sought to mitigate the risks of partnering with irregular armed groups Militia group leaders in far flung corners of these war torn countries were subjected to background checks and instructed about international law and human rights and their funding was cut when they crossed red lines To what extent have such mechanisms curbed the dangers of proxy warfare and what unforeseen consequences has this approach unleashed Drawing on a decade of field research and hundreds of interviews with stakeholders Erica L Gaston unpacks the dilemmas of attempting to control proxy forces She demonstrates that although the tools U S policy makers used to constrain partners behavior increased in number and sophistication they never fully addressed the range of political security and legal concerns surrounding these forces Moreover by shifting policy makers calculations the use of proxy forces introduced additional moral hazards and may have enabled riskier decision making Featuring substantial empirical detail and close analysis of key internal debates *Illusions of Control* offers new perspectives on some of the most significant and controversial elements of recent U S security policy In addition to nuanced insights about proxy relationships this book provides a novel analytical toolkit for exploring transnational bargaining and foreign policy deliberations in hybrid political environments

International Relations: New Approaches Davis B.

Bobrow,1972 *Foreign Policy Analysis* Jean-Frédéric Morin,Jonathan Paquin,2018-01-03 This book presents the evolution of the field of foreign policy analysis and explains the theories that have structured research in this area over the last 50 years It provides the essentials of emerging theoretical trends data and methodological pitfalls and major case studies and is designed to be a key entry point for graduate students upper level undergraduates and scholars into the discipline The volume features an eclectic panorama of different conceptual theoretical and methodological approaches to foreign political analysis focusing on different models of analysis such as two level game analysis bureaucratic politics strategic culture cybernetics poliheuristic analysis cognitive mapping gender studies groupthink and the systemic sources of foreign policy The authors also clarify conceptual notions such as doctrines ideologies and national interest through the lenses of foreign policy analysis Foreign Policy in World Politics Vernon V. Aspaturian,1972 Domestic Factors in Foreign Policy Daniel S. Geller,1985 *Planning, programming, budgeting* Fairfax County (Va.). Budget and Research Division,1967 Review of International Affairs ,1987 **Policy Analysis by Design** Davis B. Bobrow,John S. Dryzek,1987 Policy Analysis by Design examines the approaches to public policy taken by those who try to teach it write about it and influence it through major analysis Bobrow and Dryzek systematically compare the five major contending analytical frames of reference welfare economics public choice social structure information processing and political philosophy The workings of each frame are illustrated by means of a common if imaginary policy case air pollution in the hypothetical Smoke Valley **The Year Book of World Affairs** ,1956 **The Political Economy of Total War** Georgetown University. School of Foreign Service,1942 The First Summit Theodore A. Wilson,1991 Four months before Pearl Harbour Winston Churchill and Franklin D Roosevelt met in secret aboard a ship in a secluded Newfoundland harbour This was the first summit conference of World War II **The Survey** ,1928 **International Journal** ,1989 **Asian Review** ,1893 Beginning in 1895 includes the Proceedings of the East India Association *Asiatic Review* ,1893 Beginning in 1895 includes the Proceedings of the East India Association
