Forging Freedom An Anthology Of Freedoms Imagined Lost Found And Won:

Forging Freedom Val Muller, Eric Egger, 2013-09 Freedom is not the natural state of man There are always those who would exert power over others Too often people are willing to trade their individual freedoms for the fleeting promise of security of a government program or for the greater good But freedom should never be sacrificed in the name of someone else s self serving greater good Freedom is the greater good Thirty five authors living in seven countries tackle this issue in *Forging Freedom* a collection of stories from our contributors personal and family histories stories as people pictured today s headlines and imagined how freedom tomorrow may be impacted stories imagining freedom from a world suspending reality or far into a hopeful future Our contributors hail from across the globe united in the idea that freedom is the right state of man It is something that must be preserved fought for and won And when it lost freedom is something that must be forged once again *Forging Freedom* E. Egger, 2013-06-04 This is a pre release advanced review copy of *Forging Freedom* This is not intended for retail distribution
