Formula V Leading With Vitality:

Formula V Richard Kranzley, 2011-06 Flying in the face of current leadership models which advocate imitation of ideal behaviors Formula V focuses on leadership vitality that force which moves us from being externally manipulated to being internally directed toward leadership success In a model which combines wisdom and experience across ages and cultures Formula V asks How do we tap the ability that resides in each of us to lead with Vitality exuberant mental vigor capacity for a meaningful or purposeful existence How do we move from mimicry of others to transforming ourselves It starts with changing our definition of leadership We need to shift our distinctions and assessments from skills and competencies to qualities and character We could all benefit from switching our focus from doing leadership to BEING a leader Based on in depth experience in coaching organizational leaders for 30 years across diverse industries Kranzley guides the reader through a model based on five or V Qualities or Virtues Courage Humility Honesty Resonance and Altruism By honing one s leadership character to incorporate these into authentic behavior a leader can grow into leadership with lasting significance Are these qualities learned or are they innate Leadership is like poetry You can improve language skills build vocabulary and learn about rhythm and rhyme In that way one enables those inner poets to shine ONLY IF there is a poet already inside Formula V will help you assess your areas of need and of power In our world today we are challenged by an increasingly uncertain and rapidly evolving global economy where leadership is affected by not only the values of national cultures but also the belief systems and paradigms of the world s varying religious traditions It becomes paramount for a leader in today s world to understand how connecting with the core of one s being spirit will equate to leading with vitality Rick shares cross cultural stories and fables to illustrate and entertain The Cow and the Pig The Three Blind Men Arachne Student of Athena taps the insight and wisdom of some of the world s sages Aristotle Lao Tzu Rabbi Jonathan Sacks Ted Collins Nelson Mandela and shares thought provoking examples of leaders who will remind readers of who we want to be and who we don t Formula V will help unlock the leader who you want to be [United States Life Tables, 1890, 1901, 1910, and 1901-1910](#) United States.
