Travel Guide Manual:

Manual for Guiding Techniques Ettore Amato,2021-06-15 As far as I am aware Tourist Guide Techniques have not previously been the subject of many manuals I have decided then to offer the future tourist guides everything my long career in the tourism field has taught me about the technical aspects of guiding This to help them to better understand their role as interpreters of what is observed and how to practise it efficiently There is no such thing as a universal way in which to guide tourists since this art and profession derives its uniqueness from the spontaneity and individual charisma of each tourist guide What is presented in this manual is a method based on assorted suggestions and procedures that will assist the tourist guides and establish a sound understanding of what they must know This manual therefore does not intend to supply a set formula which must be followed slavishly since that would inhibit the individual creativity which each tourist guide should possess Instead this manual provides a mean to better prepare them TECHNICALLY for their future tasks Author How to be a Tour Guide Nick Manning,2014-09-18 Have you ever wanted to become a Tour Guide but not known where to start Do you yearn to travel the world explore exotic locations and lead groups of people around unfamiliar places like it s your own backyard This book can help you become a Tour Guide It will teach you what you need to say how to advertise your services and even how to get paid It will teach you how to start your first tour how to get repeat business after you ve finished it and even what life is really like out there on the road Written by a Tour Guide with experience in guided tours across 15 countries and with contributions from experts all across the world there s no better place to start one of the best careers in the world than this book Nick Manning s How to be a tour guide the essential training manual for tour managers and tour guides is the ultimate reference book and training tool as used and proved by Tour Guides across the world every day Nick Manning lets you know just how big the world is and how many different rules there are while taking you under his wings and navigating you through the aspects of successful tour managing and guiding This book tells you how to become a GREAT tour manager guide and is written in a way that will connect with you Kristene Murphy Quite simply the best product available to aspiring tour guides on the market today No industry professional should be without it Industry Insider **Catalog of Copyright Entries.
