Eventful Bodies The Cosmopolitics Of Illness Theory Technology And Society:

Eventful Bodies Professor Michael Schillmeier, 2014-09-28 Disrupting questioning and altering the taken for granted cosmos of everyday life the experiences of illness challenge the different ways in which social normalcy is remembered maintained and expected Using rich qualitative and ethnographic data alongside print and on line media sources this book explores the various experiences of life threatening infectious or non curable illnesses that trouble the practices and relations of human and social life Challenging a mere deficit model of illness it examines how the cosmopolitics of illness require and initiate an ethos that cares for difference and diversity

New Reproductive Technologies and Disembodiment Carla Lam, 2016-04-22 With attention to the ways in which new reproductive technologies facilitate the gradual disembodiment of reproduction this book reveals the paradox of women s reproductive experience in patriarchal cultures as being both and often simultaneously empowering and disempowering A rich exploration of birth appropriation in the West New Reproductive Technologies and Disembodiment investigates the assimilation of women s embodied power into patriarchal systems of symbolism culture and politics through the inversion of women s and men s reproductive roles Contending that new reproductive technologies represent another world historical moment both in their forging of novel social relations and material processes of reproduction and their manner of disembodiment women in unprecedented ways a disembodiment evident in recent visual and literary popular and academic texts this volume locates the roots of this disembodiment in western political discourse A call to feminist political theory to re remember the material dimensions of bodies and their philosophical significance New Reproductive Technologies and Disembodiment will appeal to scholars of sociology gender studies political and social theory and the study of science technology and health

Ontological Politics in a Disposable World Luigi Pellizzoni, 2016-03-03 This book explores the intertwining of politics and ontology shedding light on the ways in which as our ability to investigate regulate appropriate enhance and destroy material reality have developed so new social scientific accounts of nature and our relationship with it have emerged together with new forms of power Engaging with cutting edge social theory and elaborating on the thought of Foucault Heidegger Adorno and Agamben the author demonstrates that the convergence of ontology with politics is not simply an intellectual endeavour of growing import but also a governmental practice which builds upon neoliberal programmes the renewed accumulation of capital and the development of technosciences in areas such as climate change geoengineering and biotechnology With shifts in our accounts of nature have come new means of mastering it giving rise to unprecedented forms of exploitation and destruction with related forms of social domination In the light of growing social inequalities environmental degradation and resource appropriation and commodification *Ontological Politics in a Disposable World The New Mastery of Nature* reveals the need for new critical frameworks and oppositional practices to challenge the rationality of government that lies behind these developments a rationality that thrives on indeterminacy and an account of materiality as comprised of fluid ever changing

states simultaneously agential and pliable to which social theory increasingly subscribes without questioning enough its underpinnings and implications A theoretically sophisticated reassessment of the relationship between ontology and politics which draws the contours of a renewed humanism to allow for a more harmonious relationship with the world this book will appeal to scholars in social and political theory environmental sociology geography science and technology studies and contemporary European thought on the material world

Immunological Discourse in Political Philosophy Inge Mutsaers, 2016-03-17 Given the propensity of contemporary protection measures such as counterterrorism efforts and fierce protection strategies against viral threats as well as physical and legal barriers against migration a number of political philosophers including Peter Sloterdijk and Roberto Esposito have claimed that contemporary political culture can be characterised by a so called immunisation paradigm This book critically examines the intricate entanglement between biological immunological notions and their political philosophical appropriation whilst studying the immunisation response to recent viral threats including the Swine Flu pandemic of 2009 and the lab bred Avian flu threat of 2012 to analyse immunisation as a biopolitical strategy Offering insights into to the polarising tendencies in contemporary political culture resulting from the appropriation of immunological concepts in political thought the author also shows how political philosophers tend to build on purely defensive understandings of immunity As such *Immunological Discourse in Political Philosophy* constitutes a theoretically sophisticated critique of the semantic trap caused by the use of immunological concepts in political philosophy Arguing for a more versatile and less defensive immunological repertoire which allows for the development of alternative and less polarised forms of political debate this book will appeal to scholars of political theory sociology philosophy and science and technology studies

Urban Constellations Zoë Thompson, 2016-02-11 This book investigates the iconic architectural cultural spaces of the contemporary cityscape as engines of regeneration Promising much to their fading locales these spaces locate culture in the space where production once ruled in order to revitalise post industrial urban provinces With close attention to four sites across the UK *Urban Constellations* engages with the work of Walter Benjamin and Jean Baudrillard to read these spaces and in so doing offer a critical intervention into the theory and experience of contemporary cityscapes Developing the notion of surface ethnography as a methodological approach to examining the form of cultural experience produced by urban cultural spaces the author sheds light on the manner in which they transform cultural spectatorship express wider political and ecological concerns and offer differing views to the native and the tourist in the construction of local history The book also examines the decline of the idea that iconic projects can drive regeneration in the failures and delays that can beset such undertakings Offering a rich examination of the legacy of urban change in its most recent formulation that of cultural regeneration this book reveals the fragile potential of the spaces produced by contemporary dream houses and as such will be of interest to scholars of cultural studies sociology and social theory urban studies cultural geography and architecture

Changing Bodies Chris Shilling, 2008-07-01 Where are we at

with studies of Body Society What are the key accomplishments in the field This book provides the clearest and most comprehensive account of work in this area to date Featuring a series of studies on sport transgenderism migration illness survival and belief it illuminates the relationship between bodily change and action Chris Shilling's book provides an unrivalled survey of theory and empirical research and explores the hitherto neglected tradition of American body studies Wide in scope systematic and incisive the book represents a landmark addition to the field of studies in body and society In this new book Chris Shilling once again seeks to redefine the parameters of the sociology of the body Drawing on the ideas of pragmatism and the social research of the Chicago school Shilling analyses many of the contemporary crises and transitions that challenge embodied habit and character concluding that in many cases embodied individuals find the creative capacity for transcendence of their current social and material contexts This is essential reading for all those in search of a sophisticated theoretical and methodological basis for the study of embodied action that resists a simplistic inverted Cartesianism Dr Ian Burkitt University of Bradford
