Cases on the Conflict of Laws Ernest Gustav Lorenzen, 1909 *The Yale Law Journal* , 1918 **Jurisdiction and Cross-Border Collective Redress** Alexia Pato, 2019-07-11 In recent decades the rise in cross border law violations has harmed numerous victims around the globe The damages are often dispersed and low level As a result the private enforcement gap has deepened and collective redress represents an interesting procedural instrument that is able to provide effective access to justice This book analyses thoroughly the dominant collective redress models adopted in the EU Data from 13 Member States has been catalogued and categorised The research mainly focuses on the consumer law field but frequent references to financial and data protection related cases are made The dominant collective redress models are then studied from a private international law perspective In particular the book highlights the current mismatch between collective redress on the one hand and rules on international jurisdiction on the other Additionally it notes that barriers to cross border litigation remain significant for victims and their representatives The unprecedented empirical study included in this book confirms that statement Observing that EU measures have not satisfactorily lowered those barriers the author proposes the creation of a new head of jurisdiction for cases of international collective redress This book will be of interest to private international law scholars researchers students legal practitioners judges and policy makers It is a reference point for those with an interest in cross border collective redress in particular and private international law in general Private International Law in Brazil Jacob Dolinger, Carmen Tiburcio, 2017-10-20 Derived from the renowned multi volume International Encyclopaedia of Laws this book provides ready access to the law applied to cases involving cross border issues in Brazil It offers every lawyer dealing with questions of conflict of laws much needed access to these conflict rules presented clearly and concisely by a local expert Beginning with a general introduction the monograph goes on to discuss the choice of law technique sources of private international law and the relevant connection with other laws Then follows clear description and analysis of the rules of choice of law on natural and legal persons contractual and non contractual obligations movable and immovable property intangible property rights company law family law marriage cohabitation registered partnerships matrimonial property maintenance child law and succession law including testamentary dispositions The presentation concludes with an overview of relevant civil procedure examining lex fori and issues of national and international jurisdiction acceptability and enforcement of foreign judgements and international arbitration Its succinct yet scholarly nature as well as the practical quality of the information it provides make this book a valuable resource for lawyers handling cases in Brazil Academics and researchers as well as judges notaries public marriage registrars youth welfare officers teachers students and local and public authorities will welcome this very useful guide and will appreciate its value in the study of private international law from a comparative perspective Droit International Privé À la Fin Du XXe Siècle Symeon Symeonides, 2000 This book provides a comparative assessment of the current state of private international law by exploring

the fundamental philosophical ideological and methodological challenges encountered during the 20th century and the responses to those challenges in the western world Among the questions discussed are the dilemma between conflicts justice and material justice the conflict between the goal of international uniformity and the need or desire to protect state or national interests the tension between the goals of certainty and flexibility the symbiosis of the multilateral unilateral and substantive methodologies and the antagonism or co existence between choice of law rules and flexible approaches and between jurisdiction selecting and content oriented rules or approaches Written by some of the world s most distinguished scholars this thought provoking book provides insightful and diverse perspectives from nineteen countries It is essential reading for any teacher or student of private international law or comparative law Revue de droit international privé et de droit pénal international ,1913 *Annual Legal Bibliography* Harvard Law School. International Antitrust Litigation Jurgen Basedow,Stephanie Francq,Laurence Idot,2012-02-03 The decentralisation of competition law enforcement and the stimulation of private damages actions in the European Union go hand in hand with the increasingly international character of antitrust proceedings As a consequence there is an ever growing need for clear and workable rules to co ordinate cross border actions whether they are of a judicial or administrative nature rules on jurisdiction applicable law and recognition as well as rules on sharing of evidence the protection of business secrets and the interplay between administrative and judicial procedures This book offers an in depth analysis of these long neglected yet practically most important topics It is the fruit of a research project funded by the European Commission which brought together experts from academia private practice and policy making from across Europe and the United States The 16 chapters cover the relevant provisions of the Brussels I and Rome I and II Regulations the co operation mechanisms provided for by Regulation 1 2003 and selected issues of US procedural law such as discovery that are highly relevant for transatlantic damages actions Each contribution critically analyses the existing legislative framework and formulates specific proposals to consolidate and enhance cross border antitrust litigation in Europe and beyond *The American Journal of International Law* ,1910 **Revue critique de droit international privé** Alcide Darras,Albert Geouffre de Lapradelle,Jean Paulin Niboyet,Henri Batiffol,1921 Deutsche Landesberichte Im Zivilrecht Für Den XIII.
